GLOBAL INSTITUTE OF TECHNOLOGY

Action Taken Report of Faculty Feedback.

Academic session (2023-24)

- The feedback on curriculum is taken from Faculty's for every academic session for continuous improvement in curriculum design.
- Expect more time to cover and explore projects based, experiential learning.
- More Hands-on sessions are required in curriculum
- Enhancing collaboration between industry and academia.
- Updating the curriculum to reflect advancements in technology and digital transformation.
- Need for a more focused syllabus for each course comfortably achievable in a 40-to-45-hour available time per semester per course.
- Expect more time to cover and explore projects based, experiential learning.
