ABOUT THE INSTITUTE

Global Institute of Technology was established in year 2002 by Kandoi Group of Companies. The group is committed to facilitate technical education in the state of Rajasthan by implementing globally competitive education standards. GIT enjoys the privilege of being the first private engineering college in North India to be accredited twice by NBA and NAAC-UGC. GIT has been pioneering technical education for last two decades and has been consistently ranked among the top private engineering colleges of Rajasthan since its inception. GIT is an innovative and inspiring place to study and prides itself on preparing students for their future. Your educational experience at GIT will be truly memorable. By choosing GIT, you'll enjoy an excellent standard of teaching and study alongside other motivated and driven young professionals who are hungry to learn and eager to make a difference.

PROGRAMMES OFFERED

Programme	Branch	Seats
B.Tech.	Computer Science & Engineering	240
	Artificial Intelligence & Data Science	60
	Information Technology	60
	Electrical Engineering	60
	Mechanical Engineering	60
M.Tech.	Civil Engineering	60
	Computer Science & Engineering	09
	Digital Communication	09
	Power System	18
Ph.D	Production Engineering	09
	Computer Science & Engineering	As per RTU

ADMISSION PROCEDURE

B.Tech - I Year

- 15% seats reserved for Management Quota
- 15% seats reserved for students from outside Rajasthan (through REAP)
- 70% seats are reserved for the Rajasthan Domicile students

- Established Centre of Excellence in AI (Artificial Intelligence) to motivate and train students in relevant future technologies
- Corporate training tie up with gyanteerth to help students prepare for corporate tests and placement exams

Centre of Excellence in AI

The Centre for Excellence in Artificial Intelligence (COE-AI) in GIT Jaipur has been set up in June 2021 in recognition of the increasing importance of Artificial Intelligence in modern digital solutions. AI and ML are playing a transformational role in every sphere of human endeavor. Our students need to be nurtured in these forward looking technologies by talent and capacity development within an ecosystem of innovation. GIT Centre of Excellence in AI is focused on Machine Learning, Deep Learning, Natural Language Processing, Computer Vision. The COE will operate for the benefit of students across the country with short and medium term projects as well as learning courses.
